The project has been implemented within Operation 2.1 (*Regional and Local Road Infrastructure*), Priority 2 “*Regional and Local Accessibility*” of Operational Program “*Regional Development*” 2007-2013.

Contract number BG161P0001/2.1-02/2007/010 for reconstruction of municipal road IV-98004 was signed between the Municipality of Sozopol and the Managing Authority of Operational Program “*Regional Development*” on the 4th of June, 2008. The project should be completed within 9 months.

The total costs of the project are 4 890 354, 22 BGN.

Aims of the Project:

- Providing access for the population of the inner parts of the municipality to the center of the municipality - the town of Sozopol, and to the district center - the town of Bourgas.
- Improving the access to social, educational, and health services.
- Encouragement and diversification of the tourism in the inner parts of the municipality.
- Attracting new investments that would create new jobs in the region.

Achieved results:

- One of the most important internal roads has been reconstructed and with this access has been provided for people from the inner parts of the municipality to the high ways in the region.
- The road between the village of Zidarovo (with population of 1 326 people) and the turnout to the village of Prisad have been reconstructed, which will improve the access of the local people to the municipal center - the town of Sozopol (44 km away) and the district center - the town of Bourgas (22 km away).
- The improved road infrastructure in the municipality will create the necessary preconditions for attracting investments and for the development of the tourism in the region.
